Sentencing an Hearings

We can support J6ers by attending their sentencing hearings. Perhaps we can use money from the J6 fund to hire a van or mini-bus to drive to DC for sentencing hearings. Let’s support our brave POLITICAL PRISONERS! Family members appreciate our support during that stressful time!

J6 Sunday Devotional

In January 2024 Marie Johnatakis, wife of Taylor Johnatakis, started the J6 Sunday Devotional from the DC Jail. Listen to J6ers talk from their hearts in regards to personal growth, experiences they have had in their lives and things they have learned. J6 inmates do not have religious services in the jail but do their own religious services in the pod on Sunday mornings. Click on the **teal** links at the bottom of the page and listen to the 1 hour audio. You can subscribe to this page if you like to get alerts, but visit this page and you won't be disappointed. Learn about some of the personal stories that make these guys strong as they struggle during this journey. <https://peasantsperspective.com/otherpeasants/>

Peasants Perspective

Taylor Johnatakis's website is managed by his wife Marie. Taylor is an outstanding writer and will be sentenced on April 3. He reads his stories every Friday night and is there to answer any questions you may have. You can see all his writings on PeasantsPerspective.com. See a sample of his writing highlighted in this newsletter. Look at all the links and follow the J6 Sunday Devotional as well. **Give Send Go: Johnatakis Family Help**

Watch or Attend the Vigils

The only way we know what the J6ers need is through the vigils and letters. Everyone can watch or attend the vigils. If you can't attend (Fridays from 7:00-9:00) you can listen and stream at any time. Northern Neck Patriots now hold the Vigils at the VFW (73 Washington Avenue, Warsaw). It is a fun night out and it is now 'climate controlled'. Best of all you can sing the **National Anthem** at 9:00 p.m. with them—it never gets old!

The "Perfect" Call

Micki Witthoeft (Ashli Babbitt's Mother) received the "perfect" phone call from **President Donald Trump** on Wednesday, March 20, 2024. President Trump assured her that on Day 1 of his return to the White House he will release the J6 Hostages. He also posted on **Truth Social** acknowledgment that on Saturday, March 23 will be the 600th day of Vigils being held at Freedom Corner.

Prayers

Prayers to keep our J6 Hostage, **Jonathan Munafu**, safe. He is being held in Hazelton, WV where two more inmates died on March 2. This prison has been declared one of the most dangerous in the country and is short roughly 70-80 corrections officers as the violence inside continue. The facility was already on lock down when the deaths occurred due to a series of inmate stabbings earlier that week.

Jonathan Pollock and John George Todd III had us all laughing

The Jon and John Show—It was almost a Diamond and Silk moment. Jonathan Pollock and John George Todd III (two of the newest detainees in DC) are quite a team. They have cells next to each other, but their humor seems to come naturally. It was quite refreshing to hear them last month during their debut. They certainly made us laugh.

NORTHERN NECK PATRIOTS

The D&C Show—Is Back!! Dominic Box and Chris Quaglin share information that is happening at the DC Gulag. They tell it like it is—no sugarcoating with these two.

Saint Patrick's Day—J6 Choir—Do the J6ers have a Voice? Yes, and they are amazing! Listen to them sing on **Saint Patrick's Day**. Their first performance was on March 17 and you can hear them sing throughout the DC Vigil and after the Anthem. They made Patty Melts and sang, with enthusiasm, Wild Rover and the Wellerman songs.

Easter Sunday with the J6ers—Celebrate Easter with the J6ers. Tune into the DC Vigil on **Easter Sunday** and listen to them sing Easter Hymns such as Amazing Grace and Holy Holy Holy. It was glorious.

Highlights of the March 2024 NNP Meeting

Bob Herget spoke about forming a Constitutional Militia in our Counties—*We The People* can help! In short, a Constitutional Militia are citizens/residents who support the community and want to help local law enforcement improve and protect our communities. All residents over the age of 16 years old make up an unorganized militia. As members we can help execute the law by keeping our eyes open and alert law enforcement so action can be taken. In case of emergencies how do we communicate? Citizen participation is needed by talking to each other so we can serve and improve our community.

Example: Think of what we do when there is a problem with our J6 detainees? If there is a problem in our jails we send out a **“Call to Action”**. Within minutes people are making calls to help improve the situation.

Smart Meters—There will be a special meeting for smart meters on April 4, 2024 at 6 p.m. (220 Judicial Place, Heathsville). This will be a special called meeting' and all 3 Boards will be there (Board of Supervisors, Economic Development Commission and Planning Commission). Maurice Johnson is on the EDC so he can ask as many questions as needed. Smart meters is a device that provides two-way communication between customer and the electricity provider about energy usage. However many are suffering life-altering health effects from the pulsed wireless radio frequency radiation (RFR) waves as meters can emit radiation bursts up to 190,000 times a day that are far more powerful than a cell phone. They also have peak level emissions of 2 ½ times than the FCC's RFR safety guideline limits. This is very dangerous to those who have heart problems and pacemakers. Find out more at this meeting.

REMEMBER

It is upon the word “Remember” that all knowledge is based. It is remembering what brought pain or pleasure that directs the instinct of man. Remembering takes lessons of the past, applies them to the present so that we can better choose our future.

Those who seek control, want to get you to forget. History repeats itself, to those who do not remember its lessons and patterns. Those whose fruit is bitter, want you to forget the awful taste and take another bite.

Remember why we fought for freedom, why we died for rights, remember what price was paid for truth and we will never go astray. If we forget, we must experience every pain again, every price paid twice or more, and truth will be forgotten.

Remember who, what, when, where and why and the future CAN be smoother sailing.
REMEMBER!
