Northern Neck Patriots Two In One Week

Twice in one week the Northern Neck Patriots had live streams appear on YouTube last week. On Tuesday Tom Jeffries was asked and invited several others to attend a God and Government meeting where January 6th defendants were the topic of the night. Jon Mellis was present and spoke of his J6 experience from the death of Rosanne Boyland, to incarceration, and what he has been doing since his release.

They were again live on Friday night, as they almost always are, from 7 to 9 p.m. Tom brings attention to the **NEW arrests that occurred in the past week** as well as any other information he has come across in the past week pertaining to the January 6th defendants. This past week Barry's fiancée also called in bringing attention to **Barry's third birthday incarcerated**. He turned 40, behind bars last year. Desiree also brought attention to John Strands X post honoring Barry and introducing the world to the man Strand met behind bars (appears on next page). If you missed wither of these live streams you can find them on the Northern Neck Patriots YouTube page.

CEASE & DESIST: I, together with many Attorneys and Legal Scholars, am watching the Sanctity of the 2024 Presidential Election very closely because I know, better than most, the rampant Cheating and Skullduggery that has taken place by the Democrats in the 2020 Presidential Election. It was a Disgrace to our Nation! Therefore, the 2024 Election, where Votes have just started being cast, will be under the closest professional scrutiny and, WHEN I WIN, those people that CHEATED will be prosecuted to the fullest extent of the Law, which will include long term prison sentences so that this Depravity of Justice does not happen again. We cannot let our Country further devolve into a Third World Nation, AND WE WON'T! Please beware that this legal exposure extends to Lawyers, Political Operatives, Donors, Illegal Voters, & Corrupt Election Officials. Those involved in unscrupulous behavior will be sought out, caught, and prosecuted at levels, unfortunately, never seen before in our Country.

Donald J. Trump On Election Fraud

Last week President Trump took to social media with a cease and desist regarding election fraud. This is also a topic of conversation that was brought up on Joe Rogan's interview with the former and future President. Why? If it was the most "safe and secure" election?

Beautiful Birthday Tribute From John Strand

John Strand was recently released from prison. As he attempts to rebuild his life after incarceration he takes to social media bringing awareness to the J6 political hostage crisis. This week he also told of what he experienced while incarcerated with Barry Ramey in a birthday tribute. The part that spoke of Barry is below and can be found on X @JohnStrandUSA

“The torment I would experience while I was there is detailed in my upcoming book—it is too long and too dark for this story...but there were glimmers of hope in the darkness, and one of them was a fellow J6 patriot named Barry Ramey.

Barry, like nearly all J6ers, has been lied about and smeared by an incredibly corrupt DOJ and an even worse regime media—don’t believe anything you read from them. Barry Ramey is a big, strong, handsome man with an even bigger heart and an undying spirit of courage and passion for our country. He made a point to find me and introduce himself when he realized I was there at the same facility, and made it clear he was a friend and an ally I could rely on, no matter what might happen. I saw him share this kindness with other anonymous J6ers and even non-J6 inmates, because that is his character— he is truly kind, compassionate, and loyal. He believes in our classic American values of honor, duty, and service, and he lives that way—even in prison.

When I was being tortured with a wildly illegal form of “supra-isolation” (a term my attorneys used to describe the BOP actively blocking my attorney visits, USPS mail, and all phone calls for weeks on end and I was suffering in solitary confinement without any legitimate justification), Barry caught a glimpse of me as I was being dragged in shackles through a dark corridor somewhere deep inside the prison, and with his own hands cuffed behind him, he turned from the huge guard holding him to yell to me:

“Don’t give up, man! I know what they’re doing to you, but you’re not going to break. I LOVE YOU!”

I can’t hold back the tears as I write this...this big tough man also suffering in prison yelled out loud that he loved me...and it may have saved my life. I carried that encouragement with me through another incredibly long duration of torment, and then I was later vindicated by the U.S. Supreme Court and released as I continue my appeal of all charges; but Barry and many other hostages remain in prisons throughout the country.

I hope you are outraged by the suffering of J6 protesters and the catastrophic devastation to their families cause by the Kamala Harris DOJ, because you should be. It is one of the darkest stains on our history as a constitutional republic.

I also hope you will support Barry and his wonderful fiancée who is organizing a birthday celebration for Barry as he continues to endure his horrific political persecution. Your contributions literally help keep these brave men and women alive. I know—it sustained me in a hell on earth. (Images taken from @JohnStrandUSA on X)

I want to share a personal story from prison.

First, all prisons are not created equal, let me tell you. The difference is SEVERE. Obviously, I have zero criminal history or other connection to any security risk, so, given the unfortunate reality of my fraudulent conviction, I should have been placed in the lowest level facility which is called an FPC: Federal Prison Camp. And in fact, my attorney's recommendation at sentencing was approved by the judge, who ordered the court transcript to include a recommendation that I be designated to the FPC in my state of residence.

The Biden-Harris DOJ, as they have done throughout these many years of abuse, stepped out of bounds to persecute me yet again—I was improperly placed in an FCI facility; one of the worst in the country. It was terrible.

The torment I would experience while I was there is detailed in my upcoming book—it is too long and too dark for this story...but there were glimmers of hope in the darkness, and one of them was a fellow J6 patriot named Barry Ramey.

Jeffrey McKellop Letter to General Michael Flynn

Jeffrey McKellop spent 30 years serving this country in an array of positions and has now been held as a political prisoner for nearly 4 years. That is 4 years of achievements he has missed his children reaching, 4 years away from his wife, and that is all he has left. The house, the car, and all he has worked for his entire life is now gone.

He wrote a letter to General Michael Flynn describing some of the things he has endured in his time incarcerated including addressing the many years he served this country stating: “It’s as though all my military service was for nothing.” He also speaks of a mandate for justice “What they’ve done to us and this country mandates justice.” He also requests General Flynn not forget about the prisoners of war here in the United States of Amreica: “Please don’t forget your POWs here at home. We need you to help fellow patriots to take full charge of the DOJ and expedite executive pardons.”

These are among the many things in the letter to General Flynn. There is also much about his treatment and what he experienced that day. Things he knows and can easily pick up on due to a life in different branches and ranks in military service.

Mark & Jalise Middleton Sentenced to Over 1 Year

Mark Middleton, 55 was sentenced to 30 months and Jalise Middleton 54, was sentenced to 20 months in federal prison last week. The article explains the Middletons were praying at the capitol. Police started assaulting the crowd in attempt to disperse them and when they Mark defended his wife from police he apparently committed a crime other than being present at the capitol that day.

Texas couple sentenced to over a year in prison after being assaulted by Capitol Police officers while praying on J6: court docs

Mark Middleton, 55, and Jalise Middleton, 54, both of Forestburg, Texas, have been sentenced to 30 and 20 months in prison by US District Judge Randolph D. Moss.

As with most J6 defendants after serving their time incarcerated they will come out to serve 36 months probation for Mark and 30 months probation for Jalise.

For those who may not be aware, Jalise is one of the many people who created, and work around the clock for the American Patriot Relief organization. An organization that not only helps defendants, but also keeps a hotline up and running for those experiencing the governments prosecution/persecution. That number for J6ers and their families is 1-833-SAVEDJ6 (1-833-728-3356). It is a 24 hour hotline specifically to support the J6 defendant and the family members with whatever issue they are facing due to being labeled a J6er in a free country. Please keep this couple and all of the defendants in your prayers. (Im
