NNRJ Board Meeting – February 12, 2025

We had a productive Jail Board Meeting on February 12. A total of 21 people showed up which made a substantial impact on the importance of the meeting.

Carol Brinson reminded the Jail Board of what the public demands of the board—that is to ensure that citizens of the counties are afforded a reasonable incarceration if they break the law. We expect the County to treat each citizen with respect and follow the Constitutional rights, that is to treat those in the system with basic human rights, not to be tortured, beaten and abused.

Chris Quaglin (who has Celiacs Disease) met for the first time with the Board after his incarceration and told them how he was wrongfully treated at NNRJ and how he was denied gluten free food causing him to lose over 50 pound. He spoke about the rats and roaches as well as how the was denied his civil rights. Chris spoke about how the guards beat the inmates and how he was treated like a guinea pig. Superintendent Ted Hull needs to be held accountable for the inhumane conditions he experienced at Northern Neck Regional Jail.

Several speakers read testimonials that were written by J6ers who were housed at NNRJ. **Cheryl Johnson** spoke on behalf of Jonathan Munafo; **Debb Ash** on behalf of James Grant; **Joan Johnson** on behalf of Kyle Young. **Tom Jeffries, Maurice Johnson** and **Mark Knoebler** of NNP also spoke about the corruption that was done in NNRJ.

Board of Supervisors Meeting – February 13, 2025

Suzanne Smart of NNP gave an overview of the abuses presented at the NNRJ Board Meeting which included inedible food (contaminated with insects and feces); stripping inmates and denying them clothing for hours; denial of basic needs such as soap or a cup to drink water and more.

She quoted Chairman Fisher's comments: "This is a well-run jail", "We pass all audits and inspections" Chairman Fisher concluded that the complaints only come from one source and this representation does not have the general welfare of the public in mind. He congratulated the staff for doing a great job and that NNRJ has a good team in place.

Suzanne Smart reminded the Board of Supervisors that these inmates are denied their basic rights and told the Board that they have an obligation to oversee NNRJ and asked what they are going to do about it? She then asked the Board to conduct an external audit of its operations as well as extensive reporting and accountability on NNRJ. Chairman Haynes suggested that the entire Board attend the next NNRJ meeting which is held the second Wednesday of each month.

Maurice Johnson stood up after Suzanne and spoke for about 10 minutes, answering questions that the Board had on NNRJ. This was very productive and informative for all and much headway was made with the County Supervisors and Sheriff.

Lastly, **Cheryl Johnson** spoke, shedding a more sympathetic and emotional side of what the J6ers were going through.
